Wreath making - The commission decided they would like to make matching wreaths for the nine public buildings on Main St. A tentative date of Dec. 2nd was set. Members are researching where to get greens and other materials and possibly an instructor for a workshop to which the public could be invited.

Main Street planters: The planters were replanted with mums for the fall. Joyce will be reimbursed for the cost.

October watering schedule for planters:

Mardy – 1st week

Joyce - 2nd week

Michelle – 3rd week

Dawn – 4th week

Canterbury Road maple trees – The trees are going to be fertilized for free by Joe Davis of Bartlett Tree. It was decided that members would wait and choose a time after the first killing frost to clean up around the trees.

Joint sponsorship of programs – It was decided to try and work towards more co-sponsorship of local programs by joining with other groups and commissions in town. A potential program we are going to look into is having a talk on the big tree program in the state. Lucille will make some calls to get more information.

Grange Hall signs – The two signs are not finished and Mr. Leonard will be in touch when they are done. The grant to pay for the work on the older sign runs through September of 2020.

State Historic Register – We had a request to help with a building that the owners would like to try to get on the State Historic Register, The commission members agreed they would be willing to help with this.

Charrette Committee – There will be a chance to meet with the Select Board on Sept. 24th to discuss making the committee into a town commission.

Adjourned: The meeting ended at 8:--pm.
