

Chichester Parks and Recreation Commission

Minutes 6/13/18 Meeting

Present: Zack Boyajian [Chair], Ansel Sanborn [Secretary], Tom Jameson

Absent: Joe Montambault, Ewen McKinnon, Jon White

The meeting came to order at 6:35 P.M. at the pavilion at Carpenter Park. The lack of a quorum meant no decisions could be made.

1] The review of the minutes of 5/19/18 was postponed until the next meeting.

2] The Girl Scouts requested that storage space be allocated to them in the Community Building since they hold regular activities in the park. Ansel mentioned that the original park plan was to divide the second floor of the building into storage spaces for appropriate community groups. The overall issue of storage will be discussed at the next meeting.

3] A park fire pit usage policy will be developed for presentation to the Board of Selectmen.

4] To address park trash issues, a “carry in/ carry out” policy will be discussed.

5] Frank Harrison has developed a concept design for the park entrance. A goal would be to begin work on the entrance by Old Home Day (OHD).

6] Calendars for park elements (pavilion, upper field, lower field) have been developed and posted on the Town website. Zack will work with Jodi to refine these.

7] Jon had e-mailed that a water system to remove sediment from the building's water had been donated and would soon be installed.

8] An additional electric circuit for the pavilion would be useful for OHD. Zack will contact Jodi regarding funding options for this installation.

6] The meeting adjourned at 7:05 PM.

Respectfully Submitted, Ansel Sanborn, Secretary

Approved July 11th 2018, Zack Boyajian, Chair
