LOT: _____

BUSINESS LOCATION CHANGE OF USE /EXPANSION OF USE FORM*

This form will be used to help determine whether a Change of Use or Expansion of Use Site Plan is required by the Planning Board, and it will also enable the Building Inspector to assess what activities will occur at the site. When a business moves into an existing location, regardless if a prior business existed in that space, or when a business expands its building footprint, increases the number of parking spaces, expands the number of patrons (such as a restaurant), performs certain interior renovations etc., this form must be completed and provided to the Chichester Planning Department for evaluation. A Building Permit and/or Certificate of Occupancy, or other permits will be required from the Building Inspector prior to opening.

*You may be required to appear before the Planning Board to determine whether Site Plan Review is required prior to issuance of the Building Permit and Certificate of Occupancy.
