- Other Conservation Lands

**Map Description:**  
 This map shows conservation lands by within the town of Chichester. It highlights the many publicly-owned and private lands that have been protected over time, as well as the publicly-owned lands not currently protected. Each parcel is coded with a letter that relates to the conservation restrictions listed in the table on the following page. Publicly-owned Lands are owned by the Town or School District. Private Conservation lands have Conservation Easements or other Restrictions that limit or prohibit development. Publicly-owned conservation lands are owned by the Town or School District and have Conservation Easements, other Restrictions that prohibit or limit development, or were purchased with town Conservation Funds for conservation purposes described by state statute RSA 36-A.
